

INDIVIDUAL SAMPLE PREPARATION

Finding the right mill is easy: Simply send us a sample of your choice – we will conduct a sample grinding and send you an individual grinding report and recommend an instrument suitable for your application. Please complete the form completely and email it in advance to ionin@fritsch.com.ru and send us the material together with the print out of the completed form.

If you would like to send an additional sample (max. 2 samples) which differs in regards to consistency, desired sample quantity or final fineness, please complete a second form for this second sample.

The fields marked with an asterisk* are required fields and have to be completed!

Your information about the material								
Name of the material*:								
Chemical formula:								
Hazardous material*: ('Please enclose safety data sheet!)	☐ yes ¹	🗌 No						
explosive toxic	caustic	oxidising		mental	hazard			
easily flammable	harmful to he	alth from:						
Do not put in contact with:								
Material properties	***************************************							
hygroscopic	pH-value:		Humidity:			%		
The material may be:	embrittled	Up to		°C drie	ed / heated			
Soluble in:								
Other:								
Task Which sample quantity should be		g		ml				
Max. particle size of the material to be ground:				mm		μm		
Which final fineness should be obtained*?:				% <		mm		
Attention: For obtaining particle sizes < 30 μm, in most cases a wet grinding is required!%μm								
Is wet grinding tolerated?			🗌 yes		🗌 no			
If yes, with which liquids*?								
During dry grinding may – anti-sticking agents or other surface active substances - be added?			☐ yes		🗌 no			
If yes, which*?								

Which mill should be utilized?

□ Please select the suitable mill for our requirements!

Planetary Micro Mill P-7 premium line	Planetary Micro Mill P-7 classic line	Planetary Mill P-5 premium line	Planetary Mill P-5 classic line					
Planetary Mono Mill P-6 classic line	Vario- Planetary Mill P-4 classic line	Vibratory Micro Mill P-0	☐ Mini-Mill P-23					
☐ Knife Mill P-11	Cutting Mill P-15	Universal Cutting Mill P-19	Power Cutting Mill P-25					
Cutting Mill Combination P- 25 / P-19	Variable Speed Rotor Mill P-14 premium line	Variable Speed Rotor Mill P-14 <i>classic line</i>	Cross Beater Mill P-16					
☐ Jaw Crusher P-1 <i>premium line</i>	Jaw Crusher P-1, model I classic line	Jaw Crusher P-1, model II classic line	Disk Mill P-13 premium line					
Disk Mill P-13 <i>classic line</i>	Combination P-1/P-13 premium line	Combination P-1/P-13 <i>classic line</i>	Vibrating Cup Mill P-9					
Mortar Grinder P-2								
Since abrasion is unavoidable, which materials for the grinding tools do you prefer?								
\Box SiO ₂ agate	\Box Al ₂ O ₃ sintered corundum	\Box Si ₃ N ₄ silicon nitride	ZrO ₂ zirconium oxide					
stainless steel	hardened steel	hardened, stainless stee	əl					
WC + Co hardmetal tungsten carbide								
manganese steel possible with Jaw Crushers and Disk Mills								
Chromium-free steel possible with Cutting Mills, Jaw Crushers and Vibrating Cup Mill								
☐ hard porcelain possible with the Mortar Grinder								
pure titanium/TiN-coated steel possible with the Variable Speed Rotor Mills								

Which analysis follows?							
According to which norm/standard should be worked? DIN / ISO / ASTM							
How was your material previously comminuted and which results can you share with us?							
Remarks:							
Would you like to receive an yes		[no				
Should not needed material be returned?	🗌 yes	[no				
Your personal information							
Salutation*:		Title:					
Last Name*:		First name:					
Company*: Please supply of	end customer address	Department:					
Street*:		House No.:					
Postcode*:		City*:					
Country*:		Email*:					
Phone*:							

Attention: Customers (owner of sample, individual mailing the sample) are liable for possible damages caused by the sample itself or in conjunction with possible contact materials (toxic, explosive, caustic materials etc.) unless expressed notification of this risk was provided in writing (safety data sheet), as well as the risk of accidental loss of the sample.

□ *Yes, I read the <u>Privacy Policy</u> and consent to that data supplied by me, is electronically processed and saved. My data is used exclusively for this purpose*.

□ I consent to, that my aforementioned data is saved and used for the mailing of further information about your products, services and events. There will be no disclosure to third parties. I can revoke this consent at any time via e-mail to info@fritsch.de, per letter or via clicking the unsubscribe link contained in the e-mails.

Please send the completed form in advance to ionin@fritsch.com.ru and send the sample material together with the print out to:
